To: Women Lifers Resume' Project of PA

My name is Geanine Quade, I am friends with Nicole Newell, a lifer at SCI Muncy. I received the letter regarding the support of lifers. I am in full support of these women! I was an inmate in Muncy years ago, which is how I met Nicole, we became close there and even closer once I left. My heart aches for some of these women; I will never fully comprehend what they have gone through or continue to go through. I have been through hell and back since my incarceration in Muncy and Nicole, a woman who has nothing but hope and love (it wasn't always like that, she has grown into one of the most inspiring and loving women I know), has been a huge support to me. Through her letters and our visits she has pushed me to better for me, my daughter, my family and every one of those women who would do anything to be in my shoes. It's because of that hope that I am a few months away from receiving my master's degree and enjoying my life. I will NEVER forget my experience in Muncy or the women I have met; they will have my support forever. I love Nicole and all of those women no matter why they are there they deserve support and love.

Much love and respect,

Geanine Quade
