THE WOMAN I AM NOW:

I have dedicated the last 10 years of my life to change and finding inner peace. I had to first learn how to forgive myself before I could start asking for forgiveness from others. In closing, I would like to say that I am honored to be participating in this project with women who share in the same goals and beliefs as I. My only wish is that one day society could see what our loved ones and those close to us see: growth.
